Material Safety Data Sheet Fenpyroximate Technical

1. Chemical Product and Company Identification

| | |
|----------------------------------|--|
| Product Name | : Fenpyroximate Technical |
| Formula | : C ₂₄ H ₂₇ N ₃ O ₄ |
| Molecular Weight | : 421.5 |
| Chemical Name | : 1,1-dimethyl ethyl(E)-4-[[[(1,3-dimethyl-5-phenoxy-1H-pyrazol-4-yl) methylene] amino] oxy] methyl] benzoate. |
| Manufacturer | : Excel Crop Care Limited 184 / 87, S. V. Road, Jogeshwari (West), Mumbai, (India). Pin code: 400 102 Contact no: +912266464200 |
| Emergency Contact Details | : +91 22 42522201 : +91 22 42522202 : +91 278 2212320 |

2. Composition/Information on Ingredients

| Component | CAS No. | % W/W content |
|---------------|-------------|---------------|
| Fenpyroximate | 111812-58-9 | 98 minimum |

3. Hazard Identification

Emergency Overview

Appearance and odour : White to off white powder, odourless

Warning Statements : Keep out of reach of children

Potential Health Effects

Likely Routs of Exposure : Skin contact, Inhalation and Ingestion

Eye Contact : May cause slight eye irritation

Skin contact : Slight irritation may occur on prolonged contact

Ingestion : Harmful if swallowed

Material Safety Data Sheet Fenpyroximate Technical

Inhalation : Unlikely to cause adverse effect by this route

Environmental Hazards : The product is an active ingredient in insecticide formulations and is therefore expected to be harmful.

4. First aid measures and Antidote

- If in Eyes** : Immediately flush with plenty of clean water for 15-20 minutes. Remove contact lenses if present after 5 minutes of washing. Get medical attention
- If on Skin** : Wash with plenty of clean water and soap. Get medical attention if irritation develops
- If Inhaled** : If experiencing any distress/discomfort, immediately remove the affected person to fresh air and obtain medical advice if discomfort does not disappear
- If Swallowed** : Do not induce vomiting unless told to do so by Doctor. Do not give liquid or anything by mouth to unconscious person. Get medical attention
- Note to Physician** : Treat symptomatically.
- Antidote** : No specific antidote known

5. Fire Fighting Measures

- Hazardous product of Combustion** : Not known
- Extinguishing Media** : In case of Fire use Water, Dry Chemical Powder or CO₂ type extinguisher.
- Unusual Fire and Explosion Hazards** : The product does not pose any unusual fire hazard. It is advisable for firemen to avoid direct contact.
- Fire Fighting Equipment** : Evacuate area and fight fire from a safe distance. Approach from upwind to avoid hazardous vapours and decomposition products. Use self-contained breathing apparatus. Used equipments should be thoroughly decontaminated.

6. Accidental Release Measure

- Personal Protection** : Observe all protection and safety precautions. Depending on the magnitude of the spill, use of eye protection, gloves and boots when cleaning up spills are recommended. For PPE see Section 8
- Steps to be taken** : It is recommended to have a predetermined plan / SOP for the handling

Material Safety Data Sheet Fenpyroximate Technical

in case of a spill

of spills.

Stop the source of the spill immediately, if safe to do so. Contain the spill to prevent any further contamination of soil or water.

Keep all bystanders away. Wear full-length clothing and PVC gloves. Shovel and collect the spilled material / contaminated absorbent and place in suitable containers. Thoroughly scrub the floor or other impervious surfaces with a strong industrial detergent and rinse with water.

Spills in water should be contained as much as possible by isolation of the contaminated water. The contaminated water must be collected and removed for treatment or disposal through incineration.

7. Handling and Storage

Precautions in Handling

: In an industrial environment, such as while making formulation, filling or packing, it is recommended to avoid physical contact with the product and to have adequate ventilation.

Avoid spillage into the eyes, or contact with bare skin or clothing. Avoid inhaling spray mist. Wash hands, feet, face thoroughly after handling. Remove contaminated clothing immediately

Precautions in Storage

: The product is stable under normal conditions of warehouse storage. Keep container lids tightly closed

Store in a cool, dry, well-ventilated place away from foodstuffs, animal feed under lock & key.

Specific Use

: The product is meant / approved to be used as insecticide.

8. Exposure Controls / Personal Protection

Exposure Limit Values

: Not applicable. Exposure limit values defined by local regulations may exist and must be checked / observed.

Personal Protection

: When used in a closed / automated system, personal protection equipment may not be required. When closed system is not possible in case of maintenance, repair, sampling etc, systems must be made nonhazardous before opening

Respiratory Protection

: The product is not likely to pose inhalation exposure concern during normal handling. In the event of an accidental discharge of the material during manufacture or handling which produces a dust or mist, workers should put on respiratory protection equipment with a universal filter

Material Safety Data Sheet Fenpyroximate Technical

- Protective Gloves** : Wear appropriate gloves.
- Eye Protection** : Wear goggles, face shield or safety glasses. It is recommended to have an eye wash fountain available in the work area.
- Skin Protection** : Wear appropriate protective clothing to prevent direct skin contact

9. Physical and Chemical Properties

| | |
|---------------------------------------|--|
| Physical State | : Solid |
| Appearance | : White to off white powder |
| Odour | : Odourless |
| Density | : 1.2799 ± 0.018 g/L at 20 °C |
| pH value | : 8.45 ± 0.03 at 20.5 °C |
| Viscosity | : Not applicable |
| Vapour Pressure | : 5.625 x 10 ⁻⁶ Pa at 20 °C |
| Vapour Density | : Not known |
| Melting Point / Freezing Point | : 101.1 ± 0.1 °C |
| Boiling Point | : Not applicable |
| Flash Point | : Not applicable |
| Auto Ignition Temp | : Not applicable |
| Flammable Limits | : Non –flammable |
| Solubility in Water | : 1.01 x 10 ⁻⁵ g/L at 20 °C |

10. Stability and Reactivity

- Chemical Stability** : Product is stable under ambient conditions of storage.
- Materials to Avoid** : Product is stable in acid and alkaline condition.
- Hazardous Decomposition Product** : Refer to section no. 5

Excel Crop Care Limited, India

Material Safety Data Sheet Fenpyroximate Technical

Hazardous Polymerisation : Do not occur

11. Toxicological Information

Health Hazards : Refer to section no. 3

Acute Toxicity : The product is toxic. It should be treated with the usual care of handling hazardous chemicals. The acute toxicity is measured to be:

Route(s) of Entry

Ingestion : LD₅₀, oral, rat (cut off value) 200 mg/kg body weight of female rat
Skin : LD₅₀, dermal, rat: > 2000 mg/kg body weight
Inhalation : 4 hour LC₅₀, rat: >0.23 mg/L air

12. Ecological Information

Acute Oral Toxicity in Birds : In bobwhite quail, & mallard duck > 2000 mg/kg

Acute Toxicity in Fish (96 hrs LC₅₀) : Carp 0.0055 mg/L

Acute Toxicity Honey bees : Oral LC₅₀ 72 Hrs. > 118.5 µg/bee

13. Disposal Considerations

Waste Treatment Methods : Keep out of drains, sewers, ditches and waterways. Left-over material that should not be used or chemically reprocessed and should be disposed of in a landfill approved for pesticide disposal. Other possible methods of disposal are controlled incineration with flue gas scrubbing

Containers : Emptied containers may retain vapour and product residue. Observe all labeled safeguards until container is cleaned or destroyed.

Triple or pressure rinse empty containers. Pour rinse water into formulation tank. Store for collection by approved waste disposal service.

Dispose of as non hazardous industrial waste. Do Not re-use containers.

Disposal of waste and packaging materials must always be in accordance with all applicable local laws / regulations.

14. Transport Information

The data provided in this section is for information only. Please apply the appropriate regulations to properly classify your shipment for transportation.

Hazardous under the applicable DOT, ICAO/IATA, IMO, TDG and Mexican regulations.

UN Classification – classified as hazardous material for transport.

DOT (Department Of Transportation)

DOT Proper Shipping Name : Pesticide, solid, toxic, n. o. s. (Fenpyroximate)
DOT Hazard class / I D No. : 6
DOT Label : Class-6.1
HAZCHEM No : 4 W
UN No. : 2811
Packing Group : III

15. Regulatory Information

Contains : Fenpyroximate (CAS No. 111812-58-9)

Product Classification

Acute : Yes

Chronic : No

Fire : No

Reactivity : No

Pressure Generating : No

NFPA Codes

Health : 1

Flammability : 0

Reactivity : 0

Regulatory Status : The product is meant for the production of insecticide formulation which may only be used for the applications that are registered for, in accordance with an officially approved label

16. Other Information

This MSDS is intended for worker and transport safety. It summarizes our best knowledge of the health and safety hazard information of the product and how to safely handle and use the product in the workplace. Each user should read this MSDS and consider the information in the context of how the product will be handled and used in the workplace including in conjunction with other products.

This material should be handled by persons who are made aware of its hazardous properties and have been instructed in the required safety precautions.

This MSDS is not intended for product users who should refer to the product label for safety precautions applicable to them.

The information provided in this safety data sheet is believed to be accurate and reliable, but uses of the product may vary and situations unforeseen by Excel Crop Care Limited may exist. The user has to check the validity of the information under local circumstances.
